

# IVICA DUCIC, MD, PhD

## OFFICE ADDRESS:

### *Main (corresponding):*

Washington Nerve Institute  
7601 Lewinsville Road, Suite 460  
McLean, Virginia 22102

Phone: (703) 992-9233  
Fax: (703) 992-8675  
e-mail: [dr.ducic@gmail.com](mailto:dr.ducic@gmail.com)  
web: [www.DucicMD.com](http://www.DucicMD.com)

### *Other, US:*

Axogen  
111 West Oak Ave., 5<sup>th</sup> Floor  
Tampa, Florida 33602

### *Other, EU:*

MarinMed Clinic  
Ante Starcevic 45  
20000 Dubrovnik, Croatia, EU

## EXPERIENCE Summary:

### EXECUTIVE/CORPORATE:

Chief Medical Officer, Axogen

### PRIVATE PRACTICE:

Washington Nerve Institute, 2014-present

### LEADERSHIP:

President, American Society for Peripheral Nerve, 2011-2012

### ACADEMIC/HOSPITAL:

Clinical Professor of Surgery, George Washington University, 2014-present  
Professor, Plastic Surgery & Neurosurgery, Georgetown University, 2003-2014

### RESEARCH/PHARMA:

Dept of Pharmacology & Surgery, Georgetown University, 1991-1996  
Neuroscience Division, Hoffmann-La Roche, Switzerland, 1989, 1990

## PUBLICATIONS & LECTURES Summary:

Meeting Abstracts & Presentations:	<b>113</b>	Instructional Courses/Labs:	<b>104</b>
Publications/Research:	<b>106</b>	Book / Book Chapters:	<b>17</b>
Visiting Professor/Invited Lectures:	<b>300</b>	Media Interviews & Reports:	<b>36</b>

## EDUCATION Summary:

Doctor of Medicine: School of Medicine, University of Zagreb, Croatia, 1986-1991

Doctor of Philosophy: School of Medicine, University of Zagreb, Croatia, 1991-1994

Plastic Surgery Residency: Georgetown University, Washington, DC, 1996-2002

Nerve Surgery Fellowship: Nerve Institute, Baltimore, MD, 2002-2003

Board Certification: American Board of Plastic Surgery, 2004-present

## PRE-CLINICAL ACTIVITIES

### RESEARCH FELLOW

Jul 1 - Oct 1, 1989      Pharma Research Department, Hoffmann-La Roche, Basel, Switzerland  
Jul 1 - Oct 1, 1990      **Mentors:** Erico Pietro Bonetti, MD (Behavior Sciences) and  
   Petar Polc, MD (Electrophysiology)  
**Project Title:** The *in vivo* effect of the benzodiazepine antagonists on  
activity of benzodiazepines, high frequency stimulation, proconvulsant  
drugs, and endozepines on GABAergic inhibition in cat spinal cord.

### Ph.D. Thesis:

Jul 1, '91 - Sep 24, '94      **Title:** *"The effect of benzodiazepines and neurosteroides on the  
activity of different GABA/benzodiazepin receptor subtypes"*

**Mentors:** Professor Juraj Geber, MD, PhD, Department of  
Pharmacology School of Medicine, University of Zagreb, Croatia;  
Professor Petar Polc, MD, Neuroscience Division, Hoffman-La Roche,  
Basel, Switzerland; and Professor Stefano Vicini, PhD, Department of  
Physiology, Georgetown, University School of Medicine, Washington, DC

Experimental portion of the PhD Thesis was done at the Georgetown  
University, Department of Pharmacology (Fidia-Georgetown Institute for  
the Neurosciences), during post-doctoral fellowship with Drs. Stephano  
Vicini and Erminio Costa (Jul 1, '91 - Dec 31, '93).

**Project Title:** Molecular mechanism of action of  $\gamma$ -Aminobutyric Acid  
(GABA), benzodiazepines and neurosteroids on GABAergic inhibition  
in native and recombinant GABA<sub>A</sub> receptors. The thesis defense date:  
September 24, 1994; Promotion date: June 9, 1995, University of Zagreb.

### RESEARCH ASSOCIATE

Jan 1, '94 - Jun 30, '96      Department of Surgery, Georgetown University Hospital, Washington, DC  
**Mentors:** Richard F. Neville, MD and Martin Morad, PhD  
**Project Title:** **a)** The electrophysiological characterization of functional  
properties of ion channels in human atherosclerotic and hyperplastic  
vascular smooth muscle cells; **b)** The arrhythmogenic modulatory effect  
of antihistamines or hypokalemia on modulation of K<sup>+</sup> ion channels in rat  
and guinea pig cardiac myocytes; **c)** The role of prolonged Q-T interval  
on arrhythmogenesis observed in female patients (Prof. Dr. Martin Morad).

## **CLINICAL / RESIDENCY**

### **Integrated Program in Plastic Surgery Georgetown University Hospital (6/1996 – 6/2002)**

Jun 24, '96 - Jun 30, '97	Junior Resident ( <b>PGY-1</b> ): Department of Surgery, Georgetown University Hospital, Washington, DC
Jul 1, '97 - Jun 30, '98	Resident ( <b>PGY-2</b> ): Department of Surgery, Georgetown University Hospital, Washington, DC
Jul 1, '98 - Jun 30, '99	Senior Resident ( <b>PGY-3</b> ): Department of Surgery, Georgetown University Hospital, Washington, DC
Jul 1, '99 - June 30, '00	Plastic Surgery Resident ( <b>PGY-4</b> ): Division of Plastic Surgery Georgetown University Hospital, Washington, DC
Jul 1, '00 - June 30, '01	Plastic Surgery Senior Resident ( <b>PGY-5</b> ): Division of Plastic Surgery Georgetown University Hospital, Washington, DC
Jul 1, '01 - June 30, '02	Plastic Surgery Chief Resident ( <b>PGY-6</b> ): Division of Plastic Surgery Georgetown University Hospital, Washington, DC

## **NERVE SURGERY FELLOWSHIP**

Jul 1, '02 - June 30, '03	Institute for Peripheral Nerve Surgery; Baltimore, MD; Mentor: A Lee Dellon, MD, FACS
---------------------------	--

## **ACADEMIC APPOINTMENTS**

November 20, 2014 – present	Professor of Surgery (Clinical) The George Washington University
July 1, 2010 – April 28, 2014	Professor, Plastic Surgery & Neurosurgery, Georgetown University Hospital
Sept 12, 2006 - June 30, 2010	Associate Professor, Department of Plastic Surgery, Georgetown University Hospital
Aug 1 2003 - Sept 11, 2006	Assistant Professor, Department of Plastic Surgery, Georgetown University Hospital

## **MEDICAL STAFF APPOINTMENTS**

Feb 3, 2014 - present	Inova Alexandria & Fairfax Hospitals
Feb 2, 2014 - present	MarinMed Clinic, Dubrovnik, EU
May 2, 2016 - present	Inova McLean Amb.Surg.Ctr, VA

## **EXECUTIVE APPOINTMENTS**

Jan 2, 2017 - present	Chief Medical Officer, Axogen
-----------------------	-------------------------------

## LICENSES

Virginia:	0101219594	(Active, Issued 7/1999)
Maryland:	D0058107	(Inactive, Issued 10/2001)
District of Columbia:	MD 31470	(Inactive, Issued 4/1999)
Croatia (EU)	19680	(Active, Issued 2/2014)

## JOURNAL EDITORIAL/REVIEW BOARD (Past)

Plastic and Reconstructive Surgery, Annals of Plastic Surgery, Microsurgery

## MEMBERSHIPS

- American Association of Plastic Surgeons (AAPS)
- American Society of Plastic Surgeons (ASPS)
- American Society for Peripheral Nerve (ASPN)
- American Society for Reconstructive Microsurgery (ASRM)
- Northeastern Society of Plastic Surgeons (NESPS)
- National Capital Society of Plastic Surgeons (NCSPS)
- Croatian Society of Plastic, Reconstructive & Aesthetic Surgeons (CSPRAS)
- Association of Extremity Nerve Surgeons (AENS)

## GEORGETOWN UNIVERSITY / HOSPITAL COMMITTEES

- Director, Peripheral Nerve Surgery Institute 8/1/2003 – 4/28/2014
- Credentials Committee 7/7/2005 – 4/28/2014
- Risk Management Committee 6/1/2008 – 4/28/2014
- Quality and Safety Executive Council 7/1/2008 – 6/30/2012
- Plastic Surgery Student Clerkship Director 7/1/2005 – 6/30/2011
- Committee on Medical Education 7/1/2006 – 7/30/2009
- Patient Safety Committee 7/1/2005 – 6/30/2008

## LANGUAGES

English, Croatian

## CITIZENSHIP

USA/EU

## PLACE OF BIRTH

CROATIA, EU

## **NATIONAL COMMITTEES**

- President, American Society for Peripheral Nerve; 2011-2012
- President-Elect, American Society for Peripheral Nerve; 2010
- Vice-President, American Society for Peripheral Nerve; 2009
- Secretary, American Society for Peripheral Nerve (ASPN) 2007, 2008
- President, National Capital Society of Plastic Surgeons; 2018
- President-Elect, National Capital Society of Plastic Surgeons; 2017
- Vice-President, National Capital Society of Plastic Surgeons; 2016
- Secretary, National Capital Society of Plastic Surgeons; 2015
- Chair, Nominating Committee, American Society for Peripheral Nerve; 2012
- Chair, Educational Committee, American Society for Peripheral Nerve; 2010
- Nominating Committee, American Society for Peripheral Nerve; 2010, 2013, 2014
- Scientific Program Committee, American Society for Peripheral Nerve; 2010
- Council Member - American Society for Peripheral Nerve; 2006-2009
- Finance Committee Chair - ASPN 2009
- Time and Place Committee - ASPN 2007, 2008; Chair 2012
- Technical Exhibits Committee - ASPN 2005-2007
- Chair, Scientific Program Committee - ASPN 2005
- Program Committee - American Society for Peripheral Nerve 2004
- Membership Committee - ASPN – 2004-2009; Chair 2010
- Newsletter Committee (Associate Editor) – ASPN; 2004-2006

## **AWARDS-GRANTS**

- Outstanding Faculty Teacher, Georgetown University Hospital, 2006
- Outstanding Resident Teacher, Georgetown University Hospital, 2002
- American Heart Association Research Grant RX4350-605 (1996-1997)

## **PATENTS**

U.S. Patent No. 10,813,643      Granted: Oct 27, 2020, Inventor: Dr. Ivica Ducic  
Materials and Methods for Breast Neurotization with Nerve Grafts

## PUBLICATIONS

## ABSTRACTS & PRESENTATIONS:

1. Polc P, I Ducic  
The Proconvulsant and Epileptogenic Effects of DBI in Spinal Cord Abolished with Benzodiazepine Antagonist Flumazenil.  
*Fidia DBI Symposium, Washington DC, November 1990*
2. Ducic I, Puia G, Vicini S, E Costa  
Triazolam is the Most Efficacious Allosteric Modulator in a Broad Spectrum of Structurally Different Recombinant GABA<sub>A</sub> Receptors.  
*Society for Neurosciences, Los Angeles, October 1992*
3. Puia G, Ducic I, Vicini S, E Costa  
Full and Partial Modulation of Neurosteroids on GABA Action in Native and Recombinant GABA<sub>A</sub> Receptors.  
*Society for Neuroscience, Los Angeles, October 1992*
4. Puia G, Ducic I, Vicini S, E Costa  
Differences in Receptor Structure Requirement for Neurosteroid and Benzodiazepine Facilitation of GABA-gated Cl<sup>-</sup> Currents.  
*Italian Neuroscience Meeting, Modena, Italy, December 1992.*
5. Ducic I, Puia G, Vicini S, E Costa  
GABA<sub>A</sub> Receptor Structure as a Determinant of the Benzodiazepine Allosteric Modulation of GABA Action on Cl<sup>-</sup> Channels.  
*Congress of Pharmacology, Zagreb, Croatia, October 1993*
6. Ducic I, Vicini S, E Costa  
GABA<sub>A</sub> Receptor Structure as a Determinant of GABA Efficacy and Potency in Gating Cl<sup>-</sup> Channels.  
*Congress of Pharmacology, Zagreb, Croatia, October 1993*
7. Ducic I, Vicini S, E Costa  
Efficacy and Potency of GABA Action in Native and Recombinant GABA<sub>A</sub> Receptors.  
*Society for Neuroscience, Washington DC, November 1993*
8. Guidotti A, Giusti P, Arbam R, Puia G, Ducic I, E Costa  
Imidazenil: A New Partial Allosteric Modulator of GABA Action at the GABA<sub>A</sub> Receptors.  
*Society for Neuroscience, Washington DC, November 1993*
9. Puia G, Ducic I, Costa E, S Vicini  
Structure and Allosteric Modulation of Recombinant GABA<sub>A</sub> Receptors.  
*17<sup>th</sup> Annual Meeting of the European Neuroscience Association, Vienna, Austria, September 1994*

10. **Ducic I, Neville RF, M Morad**  
Modulation of K<sup>+</sup> currents by antihistamines in rat ventricular myocytes.  
*Biophysical Society, San Francisco, February 1995*
11. **Silverman PM, Roberts S, Ducic I, Tefft MC, RK Zeeman**

## BOOK CHAPTERS

1. Costa E, Puia G, Giusti P, Auta J, Ducic I, Vicini S and A Guidotti  
Mechanistic and Pharmacological Implications in the Partial Allosteric Modulation of GABA<sub>A</sub> Receptors by Imidazenil.  
In: *The Challenge of Neuropharmacology*, H. Möhler and M. DaPrada, 1994
2. Attinger CE, Neville R, I Ducic  
Limb Salvage Efforts Overcome Renal Compromise.  
*Biomechanics*, 45-68: 1999
3. Attinger CE, Ducic I, C Zelen  
The Use of Local Muscle Flaps in Foot and Ankle Reconstruction.  
*Clinic in Podiatric Medicine and Surgery*, 17: 681-711, 2000
4. Ducic I, H. Wilson, S. Spear  
Circumvertical Breast Reduction With Superomedial Pedicle  
*Surgery Of The Breast: Principles And Art*, 79: 1109-1118, 2006
5. Attinger CE, Ducic I, C Zelen  
The Use of Local Muscle Flaps in Foot and Ankle Reconstruction.  
*Clinic in Podiatric Medicine and Surgery*, 21: 209-224, 2006
6. Attinger CE, I Ducic  
The Foot and Ankle Reconstruction  
*Grab and Smith, Plastic Surgery, 6<sup>th</sup> Edition*, 689-707: 2007
7. Ducic I, Dellon AL, A Al-Altar  
Reoperative Peripheral Nerve Surgery  
*Reoperative Aesthetic and Reconstructive Plastic Surgery*, 1985-2008: 2007
8. Ducic I, J. Jakobson  
Operative Techniques: Common Peroneal & Lateral Femoral Cutaneous Nerve  
*Operative Techniques in Orthopaedic Surgery*, 55: 453-457, 2010
9. Ducic I, E. Larson  
Management of Chronic Post-operative Breast Pain  
*Surgery of the Breast: Principles and Art, 3<sup>rd</sup> Edition*, 81: 947-951, 2011
10. Attinger C, Clemens M, Ducic I, Unger EB, L Colen  
The Role of Microsurgical Free Flaps in Foot and Ankle Surgery  
*Lower Extremity Soft Tissues & Cutaneous Plastic Surgery*, 22: 249-268, 2012
11. Attinger C, Clemens M, Ducic I, Levin M, C Zelen  
The Use of Local Muscle Flaps in Foot and Ankle Reconstruction  
*Lower Extremity Soft Tissues & Cutaneous Plastic Surgery*, 23: 269-288, 2012

12. **Ducic I, JM Felder**  
Complex Regional Pain Syndrome in the Upper Extremity  
*Plastic Surgery, 3<sup>rd</sup> Edition, 23:486-502, 2013*
13. **Ducic I**  
Kirurgija Perifernih Živaca  
*Osnove Palstične, Rekonstrukcijske i Estetske Kirurgije, 6:257-271, 2014*
14. **Ducic I**  
Surgical Management of Chronic Headaches  
*Nerve Surgery (McKinnon) – 1<sup>st</sup> Edition, 19: 1010-1028, 2015*
15. **Ducic I, JM Felder, A Lee Dellon**  
Diagnosis and Treatment of Painful Neuroma and Nerve Compression  
in the Lower Extremity  
*Plastic Surgery, 4<sup>rd</sup> Edition, 143-165, 2018*
16. **Gerferer L, I Ducic**  
Surgical Treatment of the Occipital Trigger Sites  
*The Surgical Treatment of Chronic Headaches and Migraines, 1<sup>st</sup> Edition – in Press*

## **BOOKS**

Eberlin KR, I Ducic, A Moore, Paul Cederna, I Valerio  
**Contemporary Neuroma Management**  
Springer-Verlag, in press, 2021

## INSTRUCTIONAL COURSES:

1. Lab: Advanced Lower Extremity Peripheral Nerve Surgery Workshop  
*The Institute for Peripheral Nerve Surgery, Baltimore, July 14-17, 2002*
2. Lab: Advanced Lower Extremity Peripheral Nerve Surgery Workshop  
*The Institute for Peripheral Nerve Surgery, Baltimore, August 1-3, 2002*
3. IC: Non-operative and Operative Treatment for Brachial Plexus Injuries  
*American Society for Reconstructive Microsurgery & American Society for Peripheral Nerve Surgery, Annual Meeting, Hawaii, January 2003*
4. IC: Lower Extremity Reconstruction - Simple Solutions  
*American Society for Reconstructive Microsurgery, Palm Springs, January 04*
5. Lab: Local Flaps in Foot and Ankle Reconstruction  
*Foot & Ankle Institute of Virginia Annual Meeting, Virginia Beach, June 2004*
6. IC: Neuroma Management: Trunk, Upper and Lower Extremities  
*American Society for Reconstructive Microsurgery, Tucson, January 2006*
7. Lab: Advanced Lower Extremity Peripheral Nerve Surgery Workshop  
*The Institute for Peripheral Nerve Surgery, Baltimore, April 1-3, 2006*
8. Lab: Advanced Lower Extremity Peripheral Nerve Surgery Workshop  
*The Institute for Peripheral Nerve Surgery, Baltimore, August 5-7, 2006*
9. IC: Peripheral Nerve Surgery: Indications and Algorithms for the Treatment of Compression Peripheral Neuropathies, Post-operative or Post-traumatic Pain and Chronic (Migraine) Headaches  
*American Society of Plastic Surgeons, Baltimore, October 2007*
10. IC: Peripheral Nerve Surgery: Indications and Algorithms for the Treatment of Compression Peripheral Neuropathies, Post-operative or Post-traumatic Pain and Chronic (Migraine) Headaches  
*Georgetown University Hospital, November 13, 2007*
11. IC: Peripheral Nerve Surgery: Indications and Algorithms for the Treatment of Compression Peripheral Neuropathies, Post-operative or Post-traumatic Pain and Chronic (Migraine) Headaches  
*Georgetown University Hospital, November 27, 2007*
12. IC: Nerve Surgery: Management of Peripheral Nerve Compression Syndromes Chronic Post-Operative Pain, Nerve Injuries and Chronic Headaches  
*American Society of Plastic Surgeons, Seattle, October 2009*

13. IC: Surgical Treatment of Chronic (Migraine) Headaches  
*American Society for Peripheral Nerve, Maui, January 2009*
14. IC: Nerve Surgery: Management of Peripheral Nerve Compression Syndromes  
Chronic Post-Operative Pain, Nerve Injuries and Chronic Headaches  
*American Society of Plastic Surgeons, Toronto, October 2010*
15. *Live Surgery: Lower Extremity Nerve Decompressions*  
*Diabetic Limb Salvage, Washington, October 2010*
16. IC: Surgical Treatment of Chronic Migraine headaches  
*Georgetown Community Lecture, Washington, November 2010*
17. IC: Lower Extremity Nerve Decompression in Diabetic Patient  
*American Society for Peripheral Nerve, Cancun, January 2011*
18. IC (MOC-PS): Peripheral Nerve Surgery: Carpal Tunnel, Cubital Tunnel,  
and Management of Chronic Pain and Migraine/Headaches  
*American Society of Plastic Surgeons, Denver, September 26, 2011*
19. Lab: Reconstructive Options for Peripheral Nerve Repair: Workshop  
*Cleveland Clinic Microsurgery Lab, Cleveland, September 29, 2011*
20. Lab Reconstruction Options for Peripheral Nerve Repair: Workshop  
*Curtis Hand Center Lab & AxoGen, Baltimore, November 7, 2011*
21. IC: Controversies in Management of Complex Regional Pain Syndromes:  
Surgery vs. Non-Operative Treatment Options  
*American Society for Peripheral Nerve, Las Vegas, January 2012*
22. Lab: Reconstructive Options for Peripheral Nerve Repair: Workshop  
*Hartford Hand Group & AxoGen, Hartford, May 10, 2012*
23. IC: Nerve Reconstruction: Approach to Bridging the Gap for Nerve Repair  
*World Society for Reconstructive Microsurgery, Chicago, July 14, 2013*
24. IC: Peripheral Nerve Surgery: Carpal Tunnel and Cubital Tunnel  
*American Society of Plastic Surgeons, San Diego, October 14, 2013*
25. IC: Nerve Reconstruction: Approach to Bridging the Gap and End to Side  
Nerve Repair  
*World Society for Reconstructive Microsurgery, Chicago, July 14, 2013*
26. IC: Peripheral Nerve Surgery: Treatment of Carpal Tunnel, Cubital Tunnel,  
Chronic Pain, Neuralgia, Headaches & Migraines  
*American Society of Plastic Surgeons, San Diego, October 14, 2013*
27. IC: Peripheral Nerve Surgery: Carpal Tunnel and Cubital Tunnel  
*American Society of Plastic Surgeons, Chicago, October 13, 2014*

28. Lab: Techniques for Management of Oral and Dental Surgery Injuries  
*Oral-Maxillo-Facial AxG Meeting, Dallas, November 8, 2014*
29. IC: Chronic Pain Syndromes  
*American Society for Peripheral Nerve, Bahamas, January 25, 2015*
30. Lab: Foot and Ankle Nerve Injuries & Reconstructive Options  
*Foot & Ankle AxG Nerve Workshop, Chicago, July 31, 2015*
31. Lab: Upper Extremity Nerve Injuries & Reconstructive Options  
*University of California, UE AxG Nerve Workshop, San Diego, Aug 6, 2015*
32. Lab: Upper Extremity Nerve Injuries & Reconstructive Options  
*UE AxG Nerve Workshop, Chicago, October 24, 2015*
33. Lab: Dental and Oral Surgery Nerve Injuries: Treatment Options  
*OMF AxG Workshop, Atlanta, November 6, 2015*
34. Lab: Upper Extremity Nerve Injuries & Reconstructive Options  
*Hand Surgery Fellows AxG Form, University of Pennsylvania, Phil., Nov 13, 2015*
35. IC: Carpal Tunnel Syndrome: Indications for Non-Operative Treatment: Evidence for Surgical Procedures and Postoperative Care  
*American Society for Peripheral Nerve, Scottsdale, January 16, 2016*
36. Lab: State-of-the-Art Nerve Repair: A Hands-On Experience for Residents & Fellows  
*American Association for Hand Surgery, Scottsdale, January 14, 2016*
37. Lab: Peripheral Nerve Repair in Your Practice  
*AxG Advances in Upper Extremity Nerve Surgery, Orlando, February 28, 2016*
38. Peripheral Nerve Repair in Your Practice  
*AxG Lab Module: Advances in Nerve Surgery, Las Vegas, March 19, 2016*
39. Lab: Advanced Techniques for Nerve Repair  
*AxG Anatomy Lab, University of Lausanne, Switzerland, May 6, 2016*
40. IC: Comprehensive Evaluation and Treatment of Upper Extremity Compression Neuropathies  
*American Society of Plastic Surgeons, Los Angeles, September 24, 2016*
41. IC: Management of Chronic Pain due to Post-Traumatic and Post-Operative Neuromas  
*American Society for Peripheral Nerve, Kona, HI, January 14, 2017*
42. Lab: Application of New Techniques and Technologies for Nerve Repair  
*AxG Anatomy Lab, University of Lausanne, Switzerland, May 5, 2017*

43. Lab: Advanced Surgical Techniques for Traumatic Nerve Injuries  
*AxG Nerve Surgery Symposium & Workshop, Denver, July 29, 2017*
44. Lab: Upper Extremity Surgical Techniques for Nerve Repair  
*AxG Best Nerve Practices, Boston, September 23, 2017*
45. IC: Comprehensive Evaluation and Treatment of Compression Neuropathies  
*American Society of Plastic Surgeons, Orlando, October 9, 2017*

*Indianapolis Hand Fellow Course, Indianapolis, October 15 2016*

- 140) Surgical Management of Chronic Headaches  
*Klinikum Bogenhausen, Munich, Germany, October 18, 2016*
- 141) Nerve Surgery for Management of Chronic Pain and Nerve Injuries  
*Klinikum Bogenhausen, Munich, Germany, October 19, 2016*
- 142) Advances in Surgical Management of Nerve Injuries and Chronic Pain  
*Dept. of Surgery, University Hospital Basel, Basel, Switzerland, October 20, 2016,*
- 143) Critical Variables Affecting Nerve Regeneration: Evidence-Based Data  
*Mayo Clinic & Chang Gung Reconstructive Surgery Symposium  
Munich, Germany, October 22, 2016*
- 144) Evolution of surgical technics and application of new technologies in nerve surgery  
*American Association of the Hand, Kona, HI, January 12, 2017*
- 145) a) "Evidence-Based Review of Nerve Repair Options"  
b) "Surgical Management of Chronic Pain"  
*Best Nerve Practices, Las Angeles, January 20, 2017*
- 146) a) "Nerve Injuries and Nerve Repair: Optimizing Patient Outcomes"  
b) "The Role of Nerve Surgery in Management of Patients with Chronic Pain"  
*AxG Best Nerve Practices, San Diego, February 10, 2017*
- 147) "Peripheral Nerve Operations for the Treatment of Pain: Do They Simply Induce More Pain....for the Surgeon?"  
*American Association of Plastic Surgeons, Austin, March 25, 2017*
- 148) a) "Evidence-Based Data on Nerve Repair"  
b) "Nerve Injuries, Chronic Pain & Surgery"  
*Midwest Podiatry Conference, Chicago, April 28, 2017*
- 149) "Advances in the Treatment of Nerve Injuries and Nerve Repair"  
*AxG Advances in Nerve Repair, Tampa, FL, April 29, 2017*
- 150) "Treatment Algorithm for Nerve Injuries Revisited: New Options?"  
*AxG KOL Nerve Seminar: Barcelona, Spain, April 3, 2017*
- 151) "Advances in the Treatment of Nerve Injuries and Nerve Repair"  
*AxG Advances in Nerve Repair, Lausanne, Switzerland, May 5, 2017*
- 152) "Advances in the Treatment of Nerve Injuries and Nerve Repair"  
*AxG Advances in Nerve Repair, Chicago, May 20, 2017*
- 153) "Breast Neurotization Aim to Improve Patient QOL After Breast Reconstruction"  
*Henry Ford, Detroit, July 12, 2017*
- 154) "Surgical Treatment of Chronic Pain: Evolution of New Techniques"  
*FESSH, Budapest, Hungary, July 22, 2017*

- 155) “Surgical Management of Chronic Pain after Body Contouring Surgery”  
*Beauty Through Science International Meeting, Stockholm, Sweden, June 3, 2017*
- 156) “Benefits of New Technologies and Techniques in Nerve Surgery”  
*Department of Plastic Surgery, Merit Health Hospital, Jackson, MS, July 27, 2017*
- 157) “Nerve Surgery Coding and Practice Management”  
*AxG Nerve Surgery Symposium, Denver, July 29, 2017*
- 158) “Innovations in Nerve Surgery: Improving Patient Outcomes”  
*Department of Orthopedic Surgery, Texas Tech University, Lubbock, TX, Aug 4, 2017*
- 159) “Evidence-Based Nerve Surgery: Improving Patient Care & Outcomes”  
*AxG Nerve Surgery Symposium, Atlanta, August 19, 2017*
- 160) “Clinical Benefits of New Technologies and Techniques in Nerve Surgery”  
*Copenhagen Nerve Surgery, Panum Institute, Copenhagen, Denmark, September 13, 2017*
- 161) “Evolution of Nerve Surgery: Current Advances and Future Perspectives”  
*AxG Best Nerve Practices, Boston, September 22, 2017*
- 162) “Peripheral Nerve Injuries”  
*American Society of Plastic Surgeons, Orlando, October 8, 2017*
- 163) “Breast Neurotization Aim to Improve Quality of Life in Breast Reconstruction Patients”  
*X Breast Reconstruction, M.H. University, Alicante, Spain, October 19, 2017*
- 164) “Management of Nerve Injuries & Chronic Post-Operative Pain”  
*AxG Best Nerve Practices, San Francisco, November 3, 2017*
- 165) “Nerve Surgery & Evidence-Based Data: How to Improve Nerve Surgery Outcomes?”  
*AxG Best Nerve Practices, Indianapolis, November 10, 2017*
- 166) a) “Management of Nerve Injuries & Chronic Post-Operative Pain”  
b) “Current Coding & reporting for Peripheral Nerve”  
*Association of Extremity Nerve Surgeons, Phoenix, November 11, 2017*
- 167) “Breast Neurotization and Treatment of Chronic Breast Pain”  
*International Course on Perforator Flaps, Gent, Belgium, November 16, 2017*
- 168) “Advanced Surgical Techniques Aim to Improve Nerve Surgery Outcomes”  
*AxG Best Nerve Practices, Pittsburgh, December 8, 2017*
- 169) “Evidence-Based Nerve Surgery: Improving Patient Care & Outcomes”  
*Stony Brook Hospital, Plastic Surgery NY, January 3, 2018*
- 170) “Evidence-Based Nerve Surgery: Managing Nerve Injuries & Repair Options”  
*American Association of Hand Surgeons, Phoenix, January 11, 2018*

- 171) “Surgical Management of Chronic Post-Operative or Post-Traumatic Pain”  
*American Society for Peripheral Nerve, Phoenix, January 13, 2018*
- 172) “Nerve Surgery: Innovations and Opportunities in Microsurgery”  
*American Society for Reconstructive Microsurgery, Phoenix, January 16, 2018*
- 173) “Evidence-Based Optimization of Patient Outcomes With Nerve Injuries”  
*Hand Surgery Grand Rounds, Baystate Health, Springfield, MA, February 8, 2018*
- 174) “Interdisciplinary Treatment of Nerve Injuries & Chronic Pain Following Surgery or Trauma”  
*General Surgery Grand Rounds, Baystate Health, Springfield, MA, February 8, 2018*
- 175) “Nerve Repair Options for Dental and Oral Surgery Nerve Injuries”  
*AxG OMF Advanced Nerve Course, Orlando, February 9, 2018*
- 176) “Evidence-Based Nerve Surgery: Validation of Treatment Options”  
*AxG Advanced Nerve Course, San Francisco, February 17, 2018*
- 177) “Nerve Injuries & Repair Options: Progress Made in the Past Two Decades”  
*AxG Best Nerve Practices, New York, February 24, 2018*
- 178) “Allograft Breast Neurotization: A Novel Technique Aim to Restore Breast Sensation in Breast Cancer Patients after Mastectomy and Autologous Breast Reconstruction”  
*Barcelona Breast Meeting, Barcelona, March 8, 2018*
- 179) “Surgical Management of Nerve Injuries: Improving Patient Outcomes”  
*Dept. of Plastic Surgery, UT Southwestern, Dallas, March 29, 2018*
- 180) a) “Nerve Injuries: Evolution of Nerve Repair Algorithm”  
b) “Surgical Management of Chronic Pain”  
*AxG Best Nerve Practices, Las Vegas, April 5, 2018*
- 181) a) “Nerve Injuries & Repair Options: Evidence-Based Review”  
b) “Surgical Treatment of Chronic Pain due to Nerve Injuries”  
*AxG Best Nerve Practices, Chicago, April 14, 2018*
- 182) a) “Nerve Repair Options for Lower Extremity Nerve Injuries”  
b) “Surgical Management of Chronic Post-Operative or Post-Traumatic Pain”  
*Midwest Podiatry Conference, Chicago, April 20, 2018*
- 183) “The Values of New Technologies in Surgical Management of Pain and Nerve Injuries”  
*Southeastern Hand Society, Boca Raton, April 27, 2018*
- 184) “Nerve Injuries: Evidence-Based Treatments”  
*AxG Advanced Nerve Practices, New York, May 5, 2018*
- 185) “New Technologies & Techniques for Surgical Management of Pain and Nerve Injuries”  
*European Federation of Societies for Microsurgery, Belgrade, May 7, 2018*

- 186) “Nerve Injuries: Evidence-Based Surgical Treatment Options”  
*AxG Advanced Nerve Course, Vienna, Austria, May 11, 2018*
- 187) “Evidence-Based Nerve Surgery for Chronic Post-Operative or Post-Traumatic Pain”  
*AxG Advanced Nerve Course, Miami, May 18, 2018*
- 188) “Nerve Repair for Nerve Injuries after Oral and Dental Procedures”  
*Righospitalet, Copenhagen, Denmark, June 13, 2018*
- 189) “Treatment Algorithms in Nerve Surgery: Evidence-Based Techniques”  
*FESSH, Copenhagen, Denmark, June 15, 2018*
- 190) “Applications of New Technologies & Techniques for Pain”  
*FESSH, Copenhagen, Denmark, June 15, 2018*
- 191) “Nerve Surgery: Innovations & New Reconstructive Options”  
*Plastic Surgery J Club, Louisiana State University, New Orleans, July 19, 2018*
- 192) a) “Evolution of Nerve Surgery Algorithms: An Evidence-Based Review”  
b) “Applications of New Biomaterials in Nerve Surgery”  
*AxG UE Best Practices, New York, August 24, 2018*
- 193) “Economic Considerations in Nerve Repair”  
*American Society for Surgery of the Hand (ASSH), Boston, Sept 14, 2018*
- 194) “Advanced Surgical Treatment of Nerve Injuries & Chronic Pain”  
*Dept of Plastic Surgery, Vanderbilt University, Nashville, September 21, 2018*
- 195) a) “Nerve Injuries: An Evidence-Based Review of Reconstructive Options”  
b) “Surgical Management of Pain”  
*AxG Fellows Comprehensive Nerve Course, Philadelphia, September 22, 2018*
- 196) “Surgical Management of Nerve Injuries & Chronic Pain”  
*Dept of Plastic Surgery, Emory University, Atlanta, September 28, 2018*
- 197) a) “Advanced Reconstructive Options for F&A Nerve Injuries”  
b) “Surgical Management of Chronic Pain Following F&A Surgery or Trauma”  
*Texas Podiatry Medical Association: Southwest Conference, Dallas, Oct 5, 2018*
- 198) a) “Nerve Injuries: An Evidence-Based Review of Reconstructive Options”  
b) “Surgical Management of Chronic Pain due to Nerve Injuries”  
*AxG Fellows Comprehensive Nerve Course, Indianapolis, October 6, 2018*
- 199) “Surgical Management of Nerve Injuries & Chronic Pain”  
*Dept of Plastic Surgery, MD Anderson Cancer Center, Houston, October 19, 2018*
- 200) a) “Treatment Algorithm for Nerve Injuries”  
b) “Surgical Management of Chronic Pain”  
*AxG Advanced Nerve Course, Chicago, October 20, 2018*

- 201) “Nerve Surgery: The Future of Chronic Pain Management”  
*Dept of Plastic Surgery, MGH / Harvard, Boston, October 24, 2018*
- 202) “Advances in Nerve Surgery Aim to Improve Patient Outcomes”  
*Houston Plastic Surgery Society, Houston, October 24, 2018*
- 203) a) “The Role of Nerve Surgery in the Treatment of F&A Nerve Injuries”  
b) “Surgical Management of Chronic Pain Following F&A Surgery or Trauma”  
*Chicago Lower Extremity Surgical Symposium, Chicago, October 26, 2018*
- 204) a) “Evidence-Based Variables Affecting Nerve Repair Outcomes”  
b) “Advanced Surgical Techniques for Management of Chronic Pain”  
*AxG Advanced Nerve Course, San Diego, November 2, 2018*
- 205) “Nerve Allograft for Management of Hand & UE Nerve Injuries and Chronic Pain”  
*Finland Hand Society, Helsinki, November 15, 2018*
- 206) a) “Nerve Injuries: Variables Affecting Nerve Repair Outcomes”  
b) “Surgical Treatment of Chronic Pain Aim to Reduce the Need for Opioids”  
*AxG Boston Nerve Fellows Course, Boston, November 17, 2018*
- 207) “Surgical Management of Nerve Injuries & Chronic Pain”  
*Dept of Plastic Surgery, J Club, UPMC, Pittsburgh, November 27, 2018*
- 208) “Comprehensive Surgical Care of Patients with Nerve Injuries & Chronic Pain”  
*Dept of Orthopedics, Allegheny Hospital, Pittsburgh, November 28, 2018*
- 209) a) “Nerve Injuries: Variables Affecting Nerve Repair Outcomes”  
b) “Surgical Treatment of Chronic Post-Operative/Traumatic Pain”  
*AxG Advanced Nerve Course, Miami, December 1, 2018*
- 210) “Management of Complex Peripheral Nerve Problems: Why Biomaterials Matter to Surgeons and Patients”  
*American Association of Hand Surgeons, Palm Springs, January 31, 2019*
- 211) “Comprehensive Surgical Care of Patients with Nerve Injuries & Chronic Pain”  
*Dept of Plastic Surgery, Memorial Sloan Kettering Cancer Center, Feb 11, 2019*
- 212) a) “Nerve Injuries: Evidence-based Treatment Algorithm”  
b) “Surgical Treatment of Chronic Post-Operative/Traumatic Pain”  
*AxG Fellows Nerve Course, Fort Lauderdale, February 16, 2019*
- 213) a) “Nerve Injuries: Variables Affecting Nerve Repair Outcomes”  
b) “Surgical Treatment of Chronic Post-Operative/Traumatic Pain”  
*AxG Trauma Nerve Course, Orlando, February 22, 2019*
- 214) “Mixed-Motor Nerve Injuries: Treatment Options for Nerve Repair”  
*European Nerve Advisory Meeting, Vienna, Austria, February 28, 2019*

- 215) “Two Decades of Progress in the Treatment of Nerve Injuries: What we Learned?”  
*American Association of Plastic Surgeons, Baltimore. April 6, 2019*
- 216) “The Use of Biomaterials in Nerve Surgery”  
*International Symposium on Nerve Reconstruction, Paris, France, April 12, 2019*
- 217) a) “Nerve Injuries: Variables Affecting Repair Outcomes”  
b) “Surgical Treatment of Chronic Post-Operative/Traumatic Pain”  
*AxG UE Nerve Course, Chicago, April 26, 2019*
